TROOP 179

PATROL LEADER WORKSHEET

Patrol Duty Roster

(Scout's Name)	Snack	Breakfast	Lunch	Dinner	Snack	Breakfast

List each Scout who is attending the outing and assign him to duties for each meal. Assigned duties should be:

- **Fire:** for meals requiring special heating needs such as charcoal.
- **Water:** fills the water jug at the end of each meal after clean-up.
- **Cook:** is in-charge of preparing the meal.
- **Clean:** is in-charge of cleaning up after the meal.

Keep in mind that you may not need to assign all duties for each meal and that some meals may need extra cooks or extra people on clean-up. You may also want to have a supervisor that is not assigned to any duties, but is responsible to oversee all meal duties for the weekend.

The Patrol Duty Roster should be posted and distributed to each member so that they know what is expected of them at the beginning of the weekend.
