

## PROGRAMS OF THE LOS PADRES COUNCIL:

**CUB SCOUTING** means “doing”. Everything in Cub Scouting is designed to have the boys doing things. It is a year-round family program designed for boys who are about 7-10 years old to achieve the aims of Scouting – citizenship training, character development, and personal fitness.

**BOY SCOUTING** is a comprehensive year-round advancement program for boys around ages 11-17 emphasizing developing self-confidence, decision making, and leadership skills. Through the Boy Scout program, young men can achieve the core objectives of strengthening character, personal fitness and good citizenship.

**VENTURING** is a youth development program of the Boy Scouts of America for young men and women who are about 14-20 years of age designed to prepare young people to become responsible and caring adults by providing the skills needed to make ethical choices, experience a fun program full of adventure and challenges, acquire leadership skills and to take advantage of opportunities to advance their skills and knowledge in the areas of high adventure, sports, arts, hobbies and religious life.

**EXPLORING** is a worksite-based program led by professionals in various industries for young men and women who are 14 through 20 years old. Its purpose is to provide mentorship, first-hand learning opportunities and hands-on projects that help youth pursue their special interests, grow and develop.

### SCOUTREACH/SOCCER &

**SCOUTING** is an outreach program that introduces Hispanic youth and families to the Scouting program by combining soccer with Scouting lessons. The program teaches youth soccer skills and provides exciting competition, and at the same time boys become Scouts and learn the life-long values taught in the Scouting program.

### LEARNING FOR LIFE/OUTDOOR

**SCHOOL** is a special partnership with public, private and parochial schools to provide a quality, hands-on science and environmental educational program. Students from three counties enjoy a three night, four day program. The values of environmental stewardship, responsible citizenship, and teamwork are all taught in an exciting outdoor environment that changes the lives of students that participate.
